

Materials in Context

Mapping opportunities of “waste” in Poblenou

Sessions: 3rd & 10th February from 10-13th

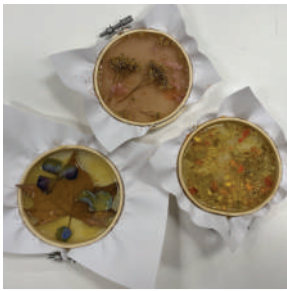

Tutor: Laura Freixas

Name of members of the group (2/3 persons): Gerda, Audrey, Paula B.

1 What are your material research and experimentation interests?

Finding a sustainable material to substitute the fossil oil ones, also to find materials that help bioremediate.

2 Select 5 images of projects related to your material experimentation interest.

Reference #1:
Gelatin and leaves, flowers.

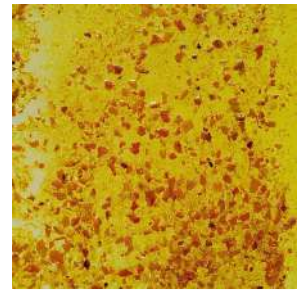

Reference #2:
Resin and egg shells, mica.

Reference #3:
Alginate, onion peels, mica.

Reference #4:
Coffee grounds, alginate.

Reference #5:
Gelatin, orange peel, turmeric.

3 Choose an area of interest in the Poblenou neighbourhood from which to begin your research into material opportunities.

Personal Tip: Look at the type of waste or surplus materials you are looking for and the type of businesses in the area.

COFFEE SHOPS

Nomad.
Espai Joliu.
Syrá.
Ombu Cafe.

RESTAURANTS

Hoppiness.
Vrutar.
Leka.
Catacroquet.
Little Fern.
Can Dende.
Can Fisher.

BARS

Freddo Fox Brewery.

GROCERY STORES

Frutal Botigue ecologic.

ORGANIZATIONS

Connecthort.
Transfolab.
El torn barcelona.
Too good to go.

BAKERIES

Zanah Patissos.
Landucci Forn de Pa.
Baluard.

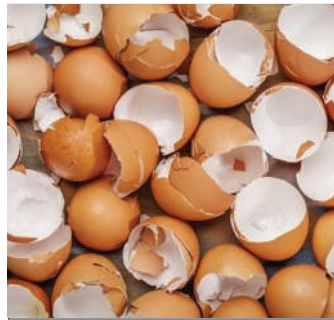

Map of Poblenou.

4 Enter and talk to those businesses where you think there may be material opportunities of interest to you.

Personal Tip: Introduce yourself briefly and comment on the motivation of your project and what you would like to experiment with their waste. The aim is to establish a bond of trust and collaboration and to keep them informed in case the results are promising.

Local Business #1:
Can Dende.

“Waste” #1:
Egg shells, food waste.

Local Business #2:
El Torn Barcelona.

“Waste” #2:
Ceramic waste.

Local Business #3:
Rosa Rosae.

“Waste” #3:
Dry flowers.

Local Business #4:
Nomad.

“Waste” #4:
Coffee ground, food waste.

Local Business #5:
Freddo Fox Brewery.

“Waste” #5:
Beer spent grains.

Local Business #6:
Can Fisher.

“Waste” #6:
seafood shells.

5 Submit 3 to 6 material opportunities (waste and surplus) and fill in the following form with your project information by 3/2/2022 at 10am. We will need the information of the project and the material opportunities to be able to carry out the session in class.

If you wish, you can find more information on the subject in the following links:
